NPG 7120.5A PR CERTIFICATION: Effective March 26, 1999, NASA policy requires all Procurement Requests (PR's) to be accompanied by a certification stating either that the purchase request action “**is**” or “**is not**” in support of the programs and projects subject to the requirements of NASA Procedures and Guidelines (NPG) 7120.5A, NASA Program and Project Management Processes and Requirement. If the action is in support of a program or project that is subject to the NPG, the certification must then indicate whether: a) all NPG 7120.5A documentation is current and approved, or b) authority to release the solicitation without the required documentation has been granted. An acceptable certification format is located immediately under the internal KSC OP Procurement Home Page header at: <http://www-op.ksc.nasa.gov/procurement/op.htm>. PR's not accompanied by the required certification will not be processed in the Procurement Office until such certification is received. (OP-AMO)

KSC ELECTRONIC FORMS: Civil Service and contractor employees are encouraged to request access to the KSC Electronic forms software. This software application allows users to access both KSC and NASA forms online from their own workstation. Bond paper copies of electronic forms will continue to be available through the FORMS WAREHOUSE until October 1, 1999. As stocks are diminished, the center will convert to on-demand printing of paper forms for users who do not have access to a computer. The internet address <http://kscforms.ksc.nasa.gov> provides software installation and usage instructions along with the entire forms index listing, including NASA forms. J-BOSC personnel should request access through the CARE Center at 867-2332. NASA personnel who receive assistance through the Outsourcing Desktop Initiative (ODIN) contract should call the ODIN Help Desk at 867-ODIN. Boeing personnel should contact their Helpdesk. All other KSC personnel can use KSC Form 28-780NS to request access. For additional information users should call the J-BOSC Forms Control Office at 867-3590. (FF-S2-A)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (JJ-C)

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG.) The OCI is an independent entity and reports directly to Roberta Gross, the NASA IG, in Washington, D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at www.hq.nasa.gov/office/oig/hq. (OIG)

NASA/JBOSC OUTBOUND SHIPMENTS: To help ensure that all users of the JBOSC Shipping Department have their requirements met, the following procedure must be adhered to: Shipments processed through the JBOSC Shipping Department are for official government business only. Personal shipments are not authorized. All shipments must be accompanied by a properly completed shipping request document (KSC Form 7-248 or DD-1149). Carrier freight bills without the proper KSC forms will not be accepted. Shipments involving hazardous materials must have a Material Safety Data Sheet (MSDS) or other technical data sheet. Small priority/overnight shipments, including letters, must be received in the JBOSC Shipping Department no later than 2 p.m. or they will be processed on the following workday. Large priority shipments and/or shipments requiring extensive packaging must be received at least 48 hours prior to the required date at destination. Government property tagged items need to be routed through the proper Property Control Office before requesting the shipment and/or, if required, accompanied by a copy of a property custodian's approved KSC Form 1602. If you have any questions or require further information, call the JBOSC Shipping Section at 867-3501 or 867-7998. (LO-SOD-1)

KSC LOCATOR: Personnel at KSC are reminded, when submitting KSC Form 13-58 (Employee Locator Information) to JBOSC-Locator, to verify all information including the telephone directory information block. Monthly updates to the Locator printouts should be complete. This includes the "Telephone Directory" column. The letter "T" in this column indicates that the name appears in the telephone directory. Home phone numbers will not be printed in the telephone directory unless a signed Form 13-58 is submitted. (FF-S2-A)

PRIVACY ACT NOTICE: When Privacy Act Information (Social Security Numbers, etc.) is created, place NASA Form 1534, "THE ATTACHED MATERIAL IS SUBJECT TO THE PRIVACY ACT OF 1974, AS AMENDED," over the information. If Privacy Act information is to be sent to another individual or office, a "TO BE OPENED BY ADDRESSEE ONLY" envelope, KSC Form, 13-242 (as revised), must be used. (FF-S2-A)

MAIL SERVICES: Requests for mail services should be submitted through your organizational admin office or contractor mail coordinator. NASA Form 28-170, "Request for Mail Services," should be utilized for additions, deletions, or changes to existing mailcodes. Adjustments to the total number of employees serviced and standard distributions required will contribute to paper conservation. (FF-S2-A)

KSC LOCATOR UPDATES: Mailcodes, locations, and phone numbers have changed significantly due to reorganizations. Please review the monthly NASA/KSC Locator computer printout of personnel assigned to your area and update the information as required. Form 13-58, "Employee Locator Information," has been revised. Please discard revisions prior to January 1996. Form 13-58 is required for all new employees to secure status in the NASA/KSC Locator, the X.500 Personnel Directory, and for home phone number listing. (FF-S2-A)

BUSINESS REPLY LABELS: KSC Form 7-597, "Business Reply Label," is a restricted-use form available to support official mailing requirements of administrative materials back to KSC by employees while on travel status. Please note this form can only be used for mailing materials back to a KSC mailcode as printed in the appropriate space provided. Prudent use of this mailing label is encouraged to avoid unnecessary postage expenses. (FF-S2-A)

MESSENGER ENVELOPES (STANDARD FORMS 65 B & C) USERS: All offices are reminded that excess messenger envelopes should be returned to the Forms Warehouse, through the mail and distribution system, for reissue. The appropriate mailcode to use is "Forms Warehouse." (FF-S2-A)

USE OF FEDERAL PROPERTY: There are statutory and regulatory prohibitions against the use of Federal property, facilities, and equipment for personal purposes. These prohibitions apply to such items as Government vehicles, office supplies, FTS (Federal Telecommunications Systems), Datafax, computers and network capabilities, reproduction equipment, tools, and a variety of utility and other items. This also applies to equipment provided by the Government for contractor use and to items issued to the Government. Employees have a positive duty to protect and conserve such items and other property entrusted to them. (HM-A-3)

RECORDS RETENTION/DISPOSITION: Each office which maintains NASA records, including NASA owned/contractor-held records, will use as many of the categories in NPG 1441.1 (as revised) as necessary to cover the disposition of records in their custody. Destruction and retention periods must conform to the authorized periods. Direct questions on categories, disposition, etc., to your organizational Records Control Officer or call the Records Manager, 867-4540, for information. (FF-S2-A)
